

The Cranleigh Directional Sign

AWP-S03 | PRODUCT INFORMATION | ISSUE 01

Representative product or construction image. Final details are confirmed with the quotation.

PRODUCT OVERVIEW

A stacked timber directional sign for several destinations where information needs to remain compact and easy to follow.

TYPICAL PRODUCT INFORMATION

ARRANGEMENT	Stacked directional panels supported on timber posts
DIMENSIONS	Panel and support sizes set around wording and viewing distance
TIMBER	Oak or another suitable exterior timber as specified
LETTERING	Wording, arrows, symbols and method approved before manufacture
FIXING	Post and foundation arrangement assessed for the site

MAINTENANCE AND REPAIR

Check posts, fixings, panel connections, lettering and water-shedding details periodically. Individual panels can often be renewed without replacing the complete structure.

AVAILABLE OPTIONS

- Number and order of directional panels
- Single or double-sided information
- Lettering, arrows, symbols and identity details
- Panel proportions, post height and finish
- Repeat signs for a coordinated site scheme

INFORMATION THAT HELPS US QUOTE

- Exact wording and direction for each panel
- Site plan or photographs showing the approaches
- Viewing distance and preferred position
- Approved colours, symbols or supplied artwork
- Ground, delivery and installation requirements

MATERIALS AND MANUFACTURE

British-grown timber is preferred where suitable, available and commercially practical. The quotation confirms the proposed species, stated origin, fixings, finish and supply or installation scope.

IMPORTANT

This sheet is preliminary product information, not a final technical specification. Dimensions, materials, price and scope are confirmed in Albion's written quotation.
