

The Peaslake Lectern

AWP-S05 | PRODUCT INFORMATION | ISSUE 01

Representative product or construction image. Final details are confirmed with the quotation.

"Good walks
lead to great days"

PRODUCT OVERVIEW

A freestanding timber lectern frame for interpretation, maps and visitor information, made around the confirmed panel dimensions.

TYPICAL PRODUCT INFORMATION

ARRANGEMENT	Freestanding timber lectern frame and supporting posts
PANEL SIZE	Manufactured around the confirmed interpretation panel
TIMBER	Oak or another suitable exterior timber as specified
PANEL INTERFACE	Rebate, backing and fixing agreed with the panel supplier
FIXING	Below-ground or surface fixing assessed for the location

MAINTENANCE AND REPAIR

Inspect posts, ground fixings, frame joints, panel edges and water-shedding details periodically. A damaged or outdated panel can usually be renewed while retaining a sound timber frame.

AVAILABLE OPTIONS

- Panel dimensions and landscape or portrait orientation
- Viewing height and lectern angle
- Timber species, finish and edge details
- Panel supply coordination where included
- Delivery and installation

INFORMATION THAT HELPS US QUOTE

- Finished panel dimensions and thickness
- Panel material and supplier fixing requirements
- Site photograph, position and approach route
- Ground and accessible-positioning requirements
- Quantity, delivery and installation scope

MATERIALS AND MANUFACTURE

British-grown timber is preferred where suitable, available and commercially practical. The quotation confirms the proposed species, stated origin, fixings, finish and supply or installation scope.

IMPORTANT

This sheet is preliminary product information, not a final technical specification. Dimensions, materials, price and scope are confirmed in Albion's written quotation.
